EXPERIENCE

IMPINJ
UI/UX DESIGNER
Seattle, WA
Mar 2017 – Present

I worked with a team of engineers and UI designers to build and improve productivity tools. Drove and led a project to develop a better UI solution for an RFID infrastructure reservation system. Currently working on Impinj Pattern Library which is a css/saas library to be used across all Impinj assets.

JOE COFFEE
FREELANCE UX DESIGNER
Seattle, WA
Jan 2017 – Feb 2017

Joe Coffee is a startup based in Seattle. I helped them design a mobile app by conducting stakeholder interviews, user interviews, research and usability testing. I proposed elegant solutions through wireframes and hi-fidelity mockups that met business needs and helped improve the user experience in the app.

CDK GLOBAL
(formely an ADP Company),
WEB DESIGN SPECIALIST
Seattle, WA
Sept 2012 – Nov 2016

Developed websites for auto dealers like GM, Lexus and BMW, using CDK's content management system. I focused on not just meeting customer requirements but also helping them by advocating good design practices. This resulted in high quality deliverables. In addition, I worked as a cross team liaison, bridging communication gaps across multiple teams.

KRISANDKATE.COM
WEB DESIGN INTERN
Mercer Island, WA
Mar 2012 – Sept 2012

I was responsible for creating/editing graphics using Photoshop. Using Magento (an eCommerce platform), I created new products and configured content to display in the front-end. Prioritized tasks to meet daily deadlines for the "deal of the day" page.
